0505/002 PUBLIC FORUM

Discussions took place about the responses from the RCC and DOB. Concern was expressed that insufficient progress had been made and that the RCC summer programme would continue without any effective noise limiting action being taken causing continuing nuisance to residents.

It was suggested that noise measurement by DOB was required immediately to allow comparison with noise levels after all work on fencing was complete.

It was also reported that a fence had been erected by RCC club members and that further work would be undertaken.

A request was made for the Parish Council's position to be made clear

It was resolved that

PCB to write to D Watts (DOB) requesting details of planned action
RCC to provide details of CCTV footage as soon as possible
PCB to send RCC minutes of the Parish Council meeting of the 19th April which includes a resolution stating the position.
