In view of the vandalism at this play area compromising its safety together with the interference with the attempts to close off this area until such times as repairs could be effected, it was RESOLVED unanimously that all the equipment be removed, the site cleared and the ground reinstated forthwith as a matter of urgency for Health and Safety reasons. The fence is to be removed and stored for possible re-use in the future.

Short term measures are not possible due to the potential liabilities to the Council and the Council cannot keep spending public money on this facility.

The situation will be reviewed in six months time.

**0607/85**

It was RESOLVED that, due to the urgency of the situation, there would not be time to follow procedures to obtain three quotations for this work and the Clerk is to arrange a contractor to undertake these works as soon as possible. Jonathan Key has been used in the past for similar works at other play areas.

The meeting closed at 7.45pm
